# **Family Tradition With Family Pride**

Shouldice Designer Stone has a long and proud history of Innovation, Quality and Service. We believe that an unwavering customer-first orientation, attention to detail, and a persistent dedication to continuous improvement has allowed us to become the industry leader and will continue to distinguish us far into our future.

Our commitment to these values brings you, our customer, a world of beauty, variety and style unmatched in the building products industry. Allow your imagination to roam freely through the pages of this catalogue. Envision the endless possibilities and custom combinations that can be yours.

*Steve & Brad Shouldice*

# Our History

Shouldice Designer Stone is proudly 100% Canadian owned/operated and currently under third generation family management.

Shouldice has a rich history characterized by a commitment to Innovation, Quality, and Service. Since 1947 we have responded to the times, both economic and technological, to develop and produce creative, high-quality products that exceed consumer expectations.

Coupled with our customer-first orientation, this flexibility has allowed us to establish and maintain a leadership position in the stone and veneer products industry. Our products are increasingly utilized in projects of distinction on all modes of construction across North America.

Shouldice 1968

## Over 65 years of dedication to family values and Innovation, Quality, and Service:

- *The transformation of standard concrete block into decorative concrete block through the offering of a broad spectrum of solid and blended colours.*
- *The introduction of Designer Stone. Modifications to the production process and extensive research and development marked the genesis of our manufactured stone.*
- *The introduction of our Architectural Collection complemented the broad spectrum of existing Designer Stone choices. These Architectural Products transformed blocks of concrete into exclusive sizes and shapes for a dynamic expression on all modes of construction.*
- *The corporate name of Shouldice Cement Products Limited changed to Shouldice Designer Stone Limited. The new corporate name better reflected the nature of the business as stone profiles came to represent the major portion of sales.*
- *The introduction of Fusion Stone, a patented, mechanically fastened system based on thin veneer stone that can be installed on all interior and exterior walls using stainless steel screws and clips. Fusion Stone made masonry practically accessible to the Do-It-Yourself market for the very first time.*

Rob & Bev Shouldice

Today, after more than 65 years, we take great pride in the products we produce and the wonderful relationships we are privileged to enjoy. We eagerly look forward to another 65 years of Innovation, Quality, and Service.

# Innovation

In a rapidly and ever changing environment innovation is not only desirable but a survival and growth necessity. Since our founding in 1947 we have purposefully adhered to a strategic commitment to innovation.

Our advanced research and development lab is dedicated to the full time quest for better technologies, better methodologies, better components and better products. This dedication has established us on the leading edge of product development in the stone business.

Our continuing quest for the new and the better has, time and again, brought delighted satisfaction to our many customers. From our unique and comprehensive palette of integral colours, to our wide variety of accessory styles, and the world's 1st mechanically fastened thin stone DIY system, our single-minded goal is to transform your dreams and turn imagination into reality.

# Quality

Producing a consistently high quality product doesn't happen by chance. Shouldice Designer Stone has become the premier choice of architects, designers, contractors, masons, corporations, and homeowners who are looking for the very best this industry has to offer.

Choosing Shouldice quality fulfills your dreams with not only lasting beauty but also real world investment value. There is nothing like stone to enhance the beauty of a home or to make a statement about your good taste, your consideration for future sustainability and your financial wisdom.

There are many things that contribute to our guarantee of high quality standards:

- *We operate a full time quality control department dedicated to ensuring that our customers have only products of the highest quality with which to satisfy their creative desires.*
- *Operating from a single manufacturing facility provides us with comprehensive control over all aspects of the manufacturing process.*
- *Our state-of-the-art technology and equipment ensure Shouldice Designer Stone is produced only to highest quality standards that our customers can trust with absolute confidence.*
- *We have access to a very large supply of what is regarded as the best quality aggregate in the country. This not only guarantees quality but also consistency between colour lots.*
- *We are proud of our craftsmen that have decades of experience in meeting the exacting standards of architects and homeowners wishing to reflect their professional or personal creative visions.*

The combination of our stone and your professional installer enhance your investment value with stunning curb appeal. We are always happy to provide advice and recommendations for expert installation services appropriate to your particular needs.

# Service

Service is what gives real meaning and value to our customers from our commitment to Innovation and Quality. We strive everyday to ensure that our customers benefit from the innovative and unsurpassed quality, beauty, and range of Shouldice Designer Stone products by providing an equally high level of customer service.

You can pursue your design aspirations with confidence, knowing that we are here to support, advise and so much more. We are the only coast-to-coast full service, comprehensive masonry manufacturer/supplier in North America. We manufacture, sell and ship from a single location. As a result, we can guarantee product quality, colour consistency, and reliable delivery. As well, we can satisfy virtually all supply requirements including those of national commercial customers such as large retail chains.

Shouldice offers the industry's most extensive and comprehensive line of stone products, accents and accessories. We provide a range of full bed depth, load bearing and thin stone solutions to satisfy virtually any application requirement. There need be no limits to your inspirational or aspirational motivations.

# Lifetime Warranty

Shouldice Designer Stone (est.1947) has built a reputation as the industry leader for Innovation, Quality, and Service. Our products exceed the standards of CSA A165 Series-04, ASTMC55-11, and ASTMC90-13 specifications.

The added inclusion of an integral water repellent and an organic colour oxide throughout the body of all Shouldice Stone products minimizes moisture penetration and efflorescence while ensuring colour fastness.

Shouldice offers a Lifetime Warranty for all its products provided the initial purchaser is the owner of the products, the products are used according to local building codes and the products are installed according to specifications and installation guidelines.

## Newport Stone

Newport Stone has two stone sizes that combine to produce a striking and distinctly natural look. A percentage of the stones have a rocked profile to add depth, substance and intensity to any wall. This evokes an arresting impression of enduring and assured discernment.

Newport Stone is available in 4" and 8" heights, sizes are pre-blended.

# Antique Stone

One of our original profiles, Antique Stone is a clear testament to the adage that classics never die. As its name implies this stone recalls times past and arouses a sense of affection, pride and heritage.

This highly popular product, developed for its natural beauty and ease of installation, has a record of proven performance on thousands of North American homes. Shouldice Quality, of course, backs Antique Stone for a lifetime of carefree performance.

## Metro

Metro Brick and Stone demonstrate how tradition can be expressed in a contemporary form. The profile of Metro Stone and Brick retains its heritage but is slightly attenuated to reflect an avant-garde style.

Metro Brick and Stone are available in two antithetic colours, Galaxy and Pearl White. Pearl White is distinguished by its bright, highly visible modernity, boldly proclaiming a contemporary spirit and solidly rooted legacy. Galaxy, a subdued charcoal with an amethyst hue expresses understated elegance with an up-to-date flair.

## Metro Stone

Metro Stone is manufactured as a two height stone in a variety of lengths. This size amalgam and subtle texture combine to assert an exceptional transformation from yesterday to today.

## Metro Brick

Metro Brick has been manufactured with a 7:1 aspect ratio that conveys an ultra modern, elongated and uniform representation of the distinction and security associated with brick.

## MJ Stone

MJ Stone is a standard brick size but its distinctive and classic appearance is not standard at all. MJ Stone has an antique texture and a variety of earth tone colour blends. These produce outstanding results on their own or, in combination with one of our many stone profiles, attain an outcome of compelling custom design and uncompromising beauty. Shouldice Quality backs all of this for a lifetime of performance.

## Do-it-yourself Masonry Product Guide

“Fusion” is defined as “a merging of diverse, distinct, or separate elements into a unified whole”. So it is with Fusion Stone; the coming together of the beauty, strength, and maintenance-free characteristics of traditional stone with the ease of installation and affordability of stone veneer. Truly the best of both worlds!

Fusion Stone is an easy and budget-friendly way to beautifully upgrade your home, inside and out. A patented Shouldice innovation, Fusion Stone is a thin stone veneer that is easily installed with the included stainless steel clips & screws. You just screw it to the wall and it's “Hooked for Life”.

Available in three distinct textures, all backed by a Lifetime Guarantee, Fusion Stone can be installed on both new and existing wall assemblies in any weather, by anyone. With just a few basic tools your average home handyperson is transformed into a Fusion Stone expert!
